

AC MOTORS

24" & 30" Air Circulators

Fan for Industrial & Commercial Use

Applications

Pedestal Fans for Industrial Use

Made with totally enclosed motors to provide fresh air in humid and dirty areas such as manufacturing facilities, warehouses, production areas, farms, and similar applications.

Pedestal Fans for Commercial Use

Made with pen motors designed to provide fresh air in humid areas and clean areas such as schools, auditoriums, hospitals, airports, office buildings, theme parks, shopping mall, and other areas subject to high concentration of people, and similar applications.

Performance

- 127V (or 120V), 60 Hz
- Unit provided with two speed motor
- Grounded plug with a 10 ft (3.05) long cord
- Chain start/stop switch
- Equipped with an automatic restart thermal protector
- OSHA (1919.212) compliant fan guards 1/2" max opening
- Adjustable inclination on mounting yoke of 14° downward and 80° upward
- 14 Gauge steel on pedestal base and 18 & 20 gauge steel on pedestal tubes
- NOM, CSAus

Pedestal heights adjustable:

- 24" Dia 54" min./75" max.(137.15 cm min./190.5" max.)
- 30" Dia 61" min./82" max.(155 cm min/208.3 cm max)

Different mounting configurations available:

- Wall mount
- Ceiling mount
- Column mount.
