

AC MOTORS

## SHADED POLE MOTOR

# UNIT BEARING MOTOR

### Applications

Commercial and domestic refrigeration, air conditioning, ventilating, and other application for air movement. Air Over.

### Performance

- Single phase induction motor
- Squirrel cage rotor
- Temperature: -50°C to 85°C.
- Voltage: 127 V, 220 V.
- Frame: Aluminum casting.
- Service: Continuous.
- Hardened steel shaft and lubricated system.
- Thermally Protected or Impedance Protected
